INTRODUCTION

Koperasi Tenaga dan Petroliaam Bhd or KTP, is a cooperative founded by professionals from the energy sector in 2018.

KTP operates as a collaborative platform to create value for its members through social entrepreneurship.

Having members from across the energy and other sectors, KTP is uniquely positioned to access and offer a wide range of capabilities, resources and expertise.

KTP's board members are democratically elected by members at the AGM.

To practice good governance and integrity, KTP has established committees to review projects and investment proposals.

KTP business goals focus on long term opportunities to provide economic success and sustainability to the cooperative and members.

VISION

To be a leading professional cooperative for the energy community and contribute towards nation building

MISSION

- ▶ To enhance the economic and social well-being of the members through investment and entrepreneurial activities
- ▶ To operate on the principles of professionalism, transparency, innovation, competitiveness and integrity
- ▶ To promote safety, health and environment awareness within the community
- ▶ To leverage on the strengths, resources and expertise from the community for collaborative empowerment to benefit the members
